Mechanisms of Ageing and Development, 52 (1990) 321—323
Elsevier Scientific Publishers Ireland Ltd.

MECHANISMS OF AGEING AND DEVELOPMENT

VOLUME CONTENTS

Volume 52 (1990)

Neonatal hyperthyroidism enhances growth of the heart but not of skeletal muscle 1
R. Moussavi (Berkeley, CA)

Effect of aging on pulmonary superoxide dismutase 11
H. Ischiropoulos, C.E. Nadziejko and Y. Kikkawa (Irvine, CA)

Isolation and identification of aging-related cDNAS in the mouse 27
V. Friedman, J. Wagner and D.B. Danner (Baltimore, MD)

The effect of chronic apomorphine treatment on the ultrastructure of the prolactin cells and on plasma prolactin levels in young and aged male Wistar rats . 45
L.J.A. van Putten, E.P.C.T. de Rijk and G. Flik (Nijmegen, The Netherlands)

Altered phosphatidylinositol breakdown after K-elastin stimulation in PMNLs of elderly 61
Z. Varga, M.-P. Jacob, J. Csongor, L. Robert, A. Leovey and T. Fulop, Jr., (Debrecen, Hungary and Creteil, France)

Mitogen-activation of spleen cells in aged animals is potentiated by dietary restriction: a preliminary report 71
S. Peng, R. Tilley, V. Srivastava, R. Hart and D. Busbee (College Station, TX and Jefferson, AR)

β-Adrenergic stimulation of cyclic AMP accumulation in rat prostatic epithelial cells during sexual maturation 79
M.J. Carmena, C. Hueso, M.N. Recio and J.C. Prieto (Madrid, Spain)

Action of potassium on neurochemical transmission at the cardiac adrenergic neuroeffector junction with aging 87
N. Tumer, P.J. Ryan and J. Roberts (Philadelphia, PA)

Accumulation of cardiac lipofuscin in mammals: correlation between sexual maturation and the first appearance of lipofuscin 93
M. Nakano, T. Mizuno and S. Gotoh (Aichi-Ken, Japan)

Macrophages but not B cells from aged mice are defective in stimulating autoreactive T cells *in vitro* 107
A. Seth, M. Nagarkatti, P.S. Nagarkatti, B. Subbarao and V. Udhayakumar (Blacksburg, VA and Lexington, KY)

The effect of taurine on age-related immune decline in mice: The effect of taurine in T cell and B cell proliferative response under co-stimulation with ionomycin and phorbol myristate acetate 125
S.-I. Nishio, S. Negoro, T. Hosokawa, H. Hara, T. Tanaka, Y. Deguchi, J. Ling, N. Awata, J. Azuma, A. Aoike, K. Kawai and S. Kishimoto (Osaka and Kyoto, Japan)
Blood-brain transport of triiodothyronine is reduced in aged rats 141
A.D. Mooradian (Tucson, AZ)
A new method for testing cell ageing using two mitochondria specific fluorescent probes 149
P. Leprat, M.H. Ratinaud and R. Ulien (Limoges, France)
Forskolin activation by adenylate cyclase in rat myocadium with age: effects of guanine nucleotide analogs 169
P.J. Scarpace (Gainesville, FL)
Mediation of reflex tachycardia becomes exclusively β-adrenergic in old Fischer 344 rats 179
R.D. Bunag, D. Krizsan and L. Eriksson (Kansas City, KS)
Adrenergic innervation of the tibial and vagus nerves in rats of different ages . 195
J. Koistinaho, K.C. Wadhwani and S.I. Rapoport (Bethesda, MD)
Hypothalamic-pituitary axis during reproductive aging in mice 207
S. Belisle, D. Bellabarba and J.-G. Lehoux (Quebec, Canada)
The bone marrow as an effector T cell organ in aging 219
A. Sharp, T. Kukulansky, Y. Malkinson and A. Globerson (Rehovot, Israel)
Monoclonal gammopathies in human aging: increased occurance with age and correlation with health status 235
G.J. Ligthart, J. Radl, J.X. Corberand, J.A. Van Nieuwkoop, G.J. Van Staalduinen, D.J. Wesselman Van Helmond and W. Hijmans (Leiden and Rijswijk, The Netherlands and Toulouse, France)
Improvement of natural killer cell activity by *in vitro* active lipids (AL 721) administration in old mice 245
M. Provinciali, N. Fabris and C. Pieri (Ancona, Italy)
The red blood cell glutathione reductase activity in anemic rats 255
K. Spodaryk (Krakow, Poland)
Changes in metabolite transport by small intestine and kidney of young and old rats 263
C. Treves, F. Favilli, M. Stio, T. Iantomasi and M.T. Vincenzini (Florence, Italy)
Altered post-receptorial signal transduction mechanism under various stimualtion in polymorphonuclear granulocytes of Alzheimer's disease 277
T. Fulop, Jr., D. Kekessy and G. Foris (Debrecen, Hungary and Geneva, Italy)

Very low ATP/ADP ratios with aging of the natural death senescence mutant of *Neurospora crassa* 287
M.L. Pall (Pullman, VA)
Changes in protein turnover after heat shock are related to accumulation of abnormal proteins in aging *Drosophila melanogaster* 295
A. Niedzwiecki and J.E. Fleming (Palo Alto, CA)
Effect of age on intestinal regeneration in the rabbit 305
J.S. Thompson, S.K. Saxena and J.G. Sharp Omaha, ME)
Announcement 313
